Subject : General Guidelines for registration of documents on the same day and return of the registered document within 03 days of presentation.

Madam/Sir,

On receipt of grievances received in the directorate and from the reports generated in the E-Registration process and feedback received & observation of the Senior Officers of the department during their field visits, it has been noticed that the documents presented for registration are not completed within 03 days of presentation in most of the registration offices causing serious dislocation and failure of delivery of the public service as per the provisions of the ORTPS Act, 2012.

The Principal Secretary to Government, Revenue & D.M. Department during his recent field visit to the Office of the District Sub-Registrar, Bhubaneswar has expressed his displeasure regarding the failure on the part of the Registering Officers to complete the registration of the Documents within 03 days of presentation of the documents. The reasons cited for their failure to do so have not been justified, or appropriate. In most of the cases the documents are kept pending for signature of Registering officers or for scanning and uploading after days of electronic approval in the e-Registration process.

Since the public has a right to public service under ORTPS Act, 2012 to get back their registered documents within a period of 03 working days, failure to do so by the designated officers (District Sub-Registrar/Sub-Registrar) makes them susceptible to the penal provisions of the said Act.

In order to avoid such undesirable and unpleasant situation, all the Registering officers are hereby directed to follow the following guidelines for completion of the documents within one day of presentation and delivery the document within three days when the presentant or his/her authorized person comes to office to receive the documents.

Yours faithfully

Inspector General of Registration
Odisha
